About Our Charity

Blackpool Carers Centre provides a range of services to support and enhance the lives of unpaid carers of all ages throughout Blackpool and The Fylde Coast, some as young as 5 years old.

Our service is often a lifeline for many carers who would otherwise feel isolated and unable to cope. We run a programme of age appropriate respite activities, which allow carers to socialise with others in a supported, safe environment, create friendships, feel less isolated, strengthen their resilience and make happy memories.
